The Dvd and blu-ray push will do whatever i actually wish only if i use NERO software program.. Followed Microsoft directions on regedit and has been able to obtain both Dvd and blu-ray AND cdrw dr back on monitor.. I had been obtaining a travel not detected error after it froze up I now reinstall both my nero/roxio8 software and this is what i notice.

Direct Download Success Stats: Just at Computer Pitstop. Once i open up Roxio it tells you no drive discovered So the push functions, NERO works properly with push, but roxio!!! I UNSTALLED roxio 8 and install roxio 9, The outcome is definitely the exact same.. Need to look into that Rip-Lock thing, before everyone come to rattle our cage about it.
